Admissions Procedures

The following procedures must be followed for the application to be processed in a timely fashion. Before you begin, be sure you understand the admissions guidelines, the basic purposes and objectives of our school, and our [Statement of Faith](#).

1. [Apply online](#) or pick up an application packet in the SFCA office.
2. Distribute the reference form to the appropriate person.
3. Fill out all information as indicated on the application and submit it along with the application fee, endowment fee and enrollment fee. (No application will be processed without the required fees.)
4. Please submit a copy of your child's current report card. Home schooled students should provide a list of the student's current grades in each subject along with the curriculum being used. A Home School Transcript Form will be provided by the Registrar.
5. Each student will be required to furnish the school with valid immunization records, a physical exam form, and a copy of his/her birth certificate prior to the start of school. All HRS requirements for immunizations must be met.

9. We will send for official records from the previous school you attended at the end of the current school year.
10. If SFCA does not have a program to meet the needs of a student, his/her request for admission will be denied and all monies paid, except for the application fee, will be refunded. In any other circumstances, the fees paid at the time of enrollment and the first month's tuition are not refundable.
11. A limited amount of scholarship and financial aid is available. [See the financial aid guidelines section](#).
