“Any sufficiently advanced technology is indistinguishable from magic.”

Mr. Eric Munn

- Arthur C. Clarke, *Profiles of the Future*

You may sense a new excitement in your children and our teachers. The new interactive whiteboards have been installed, teachers have received training, and use has begun. I have been asked why the excitement and why the importance of this new technology. Let me begin by answering that question with some facts, statistics, and predictions that were shared at the Headmaster’s Roundtable I recently attended:

- **We live in a world of constant change.** Current high school seniors will have 10-14 jobs before the age of 38.
- **Knowledge is easily accessible.** There are 2 million Google searches per minute, 121 million per hour, 3 billion per day, and 88 billion hits a month.
- **Our workforce is changing.** The top ten jobs in demand in 2012 did not exist in 2004.
- **We live in a global society.** China will soon have the largest English speaking population in the world.

So why are we excited about our teachers and students having interactive whiteboards in their classrooms? We must keep pace with an ever changing world without compromising our Christian worldview. Technology is advancing at a furious pace, and we must prepare our students for a future in which their jobs currently may not exist. The interactive whiteboards will allow our teachers to access teaching materials from a global perspective. Our students will be able to interact with technology on a daily basis. Classroom instruction and learning will advance to a higher level. I encourage you to stop by any classroom to see this new technology and to dialogue with your children as to how they are using it each and every day.

Another Opportunity

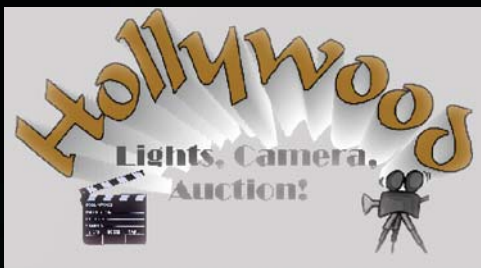

Mrs. Blanchard

Does this seem to be the time of year that your mailbox is bombarded with charity fundraising invitations along with others bidding for any extra dollars you may have? Of course, God has only allowed us a certain number of dollars so we must choose wisely whom to support. Here is why using the enclosed envelope to support SFCA's financial aid program is a wise choice.

1. You understand sound biblical Christian education because you have your child here.
2. You realize that children are the future of our nation, and they must have strong academic backgrounds as well as sound value systems and good morals.
3. You love children and want the best for them.
4. God has allowed you to give a little more to others who have less than you.
5. You believe in paying it forward. In other words, someone helped you once upon a time, and now you can help others.

I recently received a letter from Pastor Russell Howard regarding the SFCA senior trip to Costa Rica. He commented, "Everyone arrived on time, everyone participated in a day of ministry, everyone had a good time, and everyone behaved!" This is why we love SFCA and why more students should have the opportunity to attend OUR school. SFCA produces godly, productive adults; and don't we all want more of them?

A HUGE THANK YOU goes to all of the auction underwriters, volunteers, donors, parents and bidders! Many of the companies who have helped to make this auction a success are listed below. If you attended the auction, then you are to be commended as well. Everyone experienced a wonderful evening. The auction requires a tremendous amount of work by many people, and it provides extra funds for our school that tuition does not cover. This year the majority of monies collected will help fund our new athletic complex, and the remainder of the proceeds will go toward our transportation needs and financial aid.

The economy has had a huge impact on southwest Florida as you well know; some have experienced it more than others. This is why the success of this year's auction is amazing. Even in the difficult times, God continually blesses our school.

Clergy Appreciation

On Thursday, January 12, SFCA welcomed 127 pastors from many churches to fellowship with our students. A special, all-school chapel was held, led by our praise team and other student leaders. Selected elementary students also led a song. After the chapel service, students got a chance to greet their pastors and show them how much they are appreciated.

Fun Faculty Facts

See if you can guess which faculty or staff person is described below. (Answers are on page 11.)

1. I worked as a tour guide at Disney World and was assigned to be on the front gate the very first day it opened. The day began and only ONE family was there at the gate at opening time, and a few moments later, another family came up. The first family received a lifetime pass to Disney World; the second family received a ten year pass. However, after only three months, the park was standing room only!

2. I was born in England. My father was a guard for the Queen at Buckingham Palace. I am still a citizen of Great Britain, and, therefore, I cannot vote in the United States even though I am passionate about politics.

3. I have been on mission trips to Belize, Guatemala, Ecuador, Dominican Republic, Trinidad and Italy; my family may be related to the Sioux chief, Sitting Bull.

4. I am a third cousin to Bob Newhart. My grandfather was offered the opportunity to go into the restaurant business with Bob Evans, who was a neighbor, but he decided to stick with farming, milking cows, and raising eight children.

Grandparent's Day Reflections

"Rise in the presence of the aged, show respect for the elderly and revere your God. I am the Lord."

- Leviticus 19:32

On Friday, February 17, SFCA enjoyed celebrating the grandparents of our elementary students. We want to thank the grandparents and all who were involved for making this such a wonderful event! You honored us with your presence and made your grandchildren feel very special. Our students were so excited about sharing what they had learned through song and recitation. The video presentation of family members that were veterans of the military was very moving. We were amazed at the number of veterans who were represented by the grandparents attending this special day. Thank you, grandparents, for the legacy you are providing for your grandchildren and for your support of Christian education.

What was your favorite thing about Grandparent's Day?

"We liked reading books to our grandparents."

"We liked spending time with our grandparents."

"We liked playing 'Are You Smarter Than a Fifth Grader' and the fifth graders won!"

"We liked singing for our grandparents."

"We love our grandparents!"

The Power of Unplugged 2012

Mrs. Pigott

SFCA's 8th-11th grade students ventured, for the first time, to Ocala, Florida, and were fully immersed in camp life. The power of camp is often overlooked as our students are more "connected" today than ever before. However, this type of environment is critical in the development of our students as it requires them to break out of their normal routines, take risks, and form lasting friendships, all while enjoying the great outdoors. Instead of connecting via technology, camp life allows students to unplug from the noise of everyday life and connect with their teachers and peers.

The group Axis met daily with our students and challenged them to step from "apathy" into "action" while equipping them

with the tools they need to successfully navigate the cultural challenges they face. Students were encouraged to grow in their faith and knowledge of Jesus Christ. Colossians 2:8 states, "See to it that no one takes you captive through philosophy and empty deception, according to the tradition of men, according to the elementary principles of the world, rather than according to Christ." It was truly inspiring to see how our students embraced this truth and rose to the challenge.

In addition to learning, we played hard, got dirty, stayed up way too late, ate way too much junk food, and formed bonds that will not soon be broken. Thank you for allowing us to have this priceless week with your child. We are grateful!

Senior Trip 2012

The Class of 2012 created memories for a lifetime on their trip to Costa Rica in March. They had opportunities to visit a traditional Costa Rican market, saw an active volcano, enjoyed a natural hot spring, and took a zip-line tour of the jungle. In addition to the sight-seeing, there were some ministry opportunities. They served at a local church by helping to pour a concrete slab, painting, and clearing some land. Facing their fears and zip-lining down the mountain was a highlight of the trip for most of the seniors. "Zip-lining on Mount Arenal was really awesome," said Alyssa Wilkins, "and hanging out with the seniors all week was a really fun experience."

Science Fair

SFCA's annual Science Fair was held on January 18. Students in 7th and 9th grades and high school science honors students participated. These students are eligible to participate in the Regional Science Fair on March 30.

The 7th grade Best of Show winners were:

Eden Collier
Sarah Kate Sheffield
Tanner Richardson

The 9th grade Best of Show winners:

Alexandra Kleinmann
McKenna Schaar
Savannah Tessier

Victoria Ruke won Best of Show for Chemistry.
Best of Show for Physics/ Forensics went to Grace Postorino and Timothy Pettis.

Alex Kleinmann, grade 9, explains her project to the judges

Eden Collier, grade 7, won Best of Show for her grade

Timothy Pettis, Grade 11, with his winning project

Student Leadership 101

This January a group of eighth grade and high school students gave up their long weekend to attend Student Leadership University 101. It was an incredible experience where they learned valuable leadership lessons, organizational skills, how to deal effectively with people and difficult circumstances, how to live their life based on a Christian worldview, and how to share and express their faith in words and actions. They also spent time developing dreams and goals for their future and the steps they could take now to attain them.

Here are just a few...

- To become a foreign missionary.
- To travel the world and then take those experiences to help teens realize, recognize and respond to the problems of the world.
- To help kids who are abused.
- To change people's views on God in America.
- To go into politics.
- To become a marine archeologist.
- To become valedictorian of my school.
- To become a journalist in New York City.
- To become a college basketball coach.
- To join the Air Force.
- To become an elementary teacher.
- That when someone younger looks at me they will go and tell his parents, "I want to be just like him."

Middle School Students Challenged to Lead

Our Middle Schoolers were challenged during the week of February 21st with the theme, "Who? Me, Lord? Change the World?" Teachers and a special chapel speaker focused on the theme of leadership, and students enjoyed special times of small group, in-class discussion, as well as a study of several leaders who have made a difference for Christ. When asked, "What was the most meaningful part of Spiritual Challenge Week?" students replied:

- "Learning about Bethany Hamilton and how you can still worship God through tragedy."
- "We talked a little bit about gossip. Now I have the courage to stop it or just walk away from it."
- "I have now started doing my devotions daily, and I used to only do them once a week."

- "I learned how to take Small Steps towards Big Ideas."
- "Learning about Jeremy Lin and how he kept trying." And, "How Jeremy Lin tells others about Christ."
- "I got the courage to ask my friends to come to church."
- "I learned that anyone can make a difference, and I should lead even if no one is following."
- "Our actions emphasize our words. People don't respect you or follow you unless what you do goes along with what you say."
- "I want to step up and be a leader."

Praise the Lord for what he is doing in the lives of our Middle Schoolers!

SFCA Musicians Excel

The SFCA bands and choirs have represented the school with excellence at several competitions this winter.

Several band students performed solos and duets in the Florida Bandmaster's District Music Performance Assessment on Saturday, February 4, held at Lehigh High School. The following students received Superior ratings (pictured at right): Baxton Munn, Max Pringle, Jon Angoluan, Logan Lemke, Eileen Little, Aylene Bernal, Hayden Brown, Alexis Hollan, and Amanda Sabean. Thomas Sievert, an SFCA senior, received a Superior rating on a class seven piano solo. He is now eligible for the FBA State Solo and Ensemble Music Performance Assessment in March 2012.

On Friday, March 2, the Middle School Concert Band performed at the Florida Bandmasters Association Music Performance Assessment. The band received an overall rating of Excellent and a Superior in Sight Reading. Our district includes Lee, Collier and Hendry Counties. We had one of the highest ratings among schools of much greater size and number of students in the band.

Our high school choir attended Florida Vocal Association Music Performance Assessment on Saturday, February 25, at Charlotte High School. They received an overall Excellent rating as a choir and a Superior in Sight Reading. The judges were very complimentary and gave great comments about how to improve the overall sound. This was a district event which included Lee, Charlotte, Sarasota, and Collier County public and private middle and high school choirs. The Gold n' Blues Vocal Ensemble also participated in the Solo and Ensemble competition on March 23.

Senior Performs at Carnegie Hall

Grace Postorino, SFCA senior, recently had a once in a lifetime experience. She was able to participate in a choral concert at Carnegie Hall through the American High School Honors Performance Series. She was in New York City from Feb. 9-13. She had daily rehearsals to learn the six pieces of music that were then performed in concert on Sunday, February 12. The director was Dr. Jeffrey Ames, the Choral Director at Belmont University. Grace said she greatly enjoyed the opportunity to sit under a different director, and learned a lot from him. There was also some down time for sight-seeing and she even caught a performance of *Anything Goes* on Broadway. Grace's future plans are to attend either Palm Beach Atlantic University or Florida Gulf Coast University, majoring in Elementary Education with a minor in Music.

Presented by the SFCA
Fine Arts Department
April 12-14 and 19-21
Evening performances 7:00 pm
Saturday matinees 2:00 pm
Purchase tickets in the SFCA
office or at the door

New Standardized Test Adopted at SFCA

Beginning March 30, our school will be administering the ACSI Edition of *TerraNova, Third Edition* Achievement Test. This assessment is published by CTB/McGraw-Hill, and, through its partnership with ACSI, is being made available to Christian schools across the nation and around the globe. Be assured that the *TerraNova 3* is a technically sound and up-to-date assessment program and provides the most recent national comparisons. Out of the three major national achievement tests available, the *TerraNova 3* is used by 42 percent of the schools testing in the United States, which is a definitive majority of the testing demographic.

TerraNova 3 content is closely aligned to state and national standards. It is designed to measure concepts, processes, and objectives taught throughout the nation in Reading, Language, Mathematics, Science, and Social Studies. The ACSI Edition we will be using includes the Bible Assessment Subtest and five additional PLUS tests for assessment in Word Analysis, Vocabulary, Spelling, Language Mechanics, and Math Computation. This complete testing program will provide the school with valuable and in-depth information in all subject areas.

All the scores that are familiar to you from our previous testing program are included in the *TerraNova 3* score reports: percentiles, scale scores, stanines, and normal curve equivalents. After the testing season, our school will receive transition norms, which will allow us to compare student scores to past years' scores. This assessment program also includes new services that will help our school make the most effective use of testing results. These enhancements include a quick turn-around time for receiving testing results and professional development for our teachers. An online Parent Network is also being developed, beginning with the 2012–13 school year.

Since achievement testing is such a critical component of our school's instructional program, *TerraNova 3* and the complete assessment program will provide valuable information to you and to your child's teacher about his or her academic progress. It also becomes a teaching resource for our faculty, allowing us to collect student data that, in turn, helps us make wise decisions in meeting the learning needs of your child. If you have any questions regarding this assessment tool, you may contact me at 239-936-8865.

Alumni News

Tim Engvalson, class of 2003, is married to **Kaley Collins (class of 2007)**. Tim is a pilot and is flying corporate jets for a company that specializes in jet charter services based in Indiana. Kaley is graduating this spring from FGCU with a degree in Communications. She has been an intern at Northwestern Mutual Life Insurance Company and is continuing her work there as she finishes college. She is living in Fort Myers with Tim and their dog, Max.

Jeannie Guzman, class of 2007, graduated from Palm Beach Atlantic University with a bachelor's degree in International Business and Marketing in May of 2011. She plans to obtain a master's degree at PBA as well. She is working at the International Polo Club in Wellington.

Carissa Robinson, class of 2006, graduated from Florida Gulf Coast University in December of 2009. She then went on to the Police Academy, where she graduated first in her class. She is currently employed at the Lee County Port Authority.

Jack Long, class of 2007, graduated from Liberty University in December of 2010. He married **Jackie Irvello, class of 2007**, in January 2011. Jack is now the Youth Pastor at Christ Community Church in North Fort Myers, works in the emergency room at Lee Memorial Hospital, and frequently substitute teaches at SFCA.

Ryan Flint, class of 2006, married **Katie White, class of 2007**, in May of 2011. They are both graduates of Liberty University. He is now the Worship Associate at First Baptist Church of O'Fallon, Illinois.

Jessica Fuoss, class of 2007, received her Bachelor of Arts degree in Psychology, with a minor in Interdisciplinary Studies, from FGCU in May 2011. She is currently attending the University of Central Florida, Daytona Campus, pursuing a Master's Degree in Clinical Psychology. She is doing her practicum at Halifax Behavioral Services in Daytona Beach.

John Michael Jennings, class of 2009, is a junior at the University of Central Florida. He is majoring in Psychology and getting a minor in Non-Profit Management. This summer he will be interning in California with "Invisible Children" or with "To Write Love on Her Arms." John Michael was able this year to start a new chapter for "To Write Love on Her Arms" at UCF, which is an organization that helps people who self injure.

Alison Szymanski, class of 2011, is in her first year at FGCU studying Elementary Education. Alison served as an Assistant Coach for SFCA's JV Volleyball team and for Middle School Girl's Soccer. She is also a 6th grade Small Group Leader in the McGregor Baptist Student Ministry and works part-time at New Hope Presbyterian in the nursery.

If you have information about any SFCA alumni for future publications, please contact karen.iverson@mcgregor.net. Alumni can also go to www.swfca.com/alumni/ and complete an online alumni update form.

Elementary Missions Week

Andy and Alison Cotarelo

Our theme for elementary missions week this year was “Live it OUT!” and our students took that to heart. We chose to support missionaries, Alison and Andrew Cotarelo, from ECHO in North Fort Myers. ECHO is an internationally known Christian organization that seeks to equip people with resources and skills to reduce world hunger and improve the lives of the poor. Andy serves as the Farm Manager and teaches interns and missionaries. Before taking his current position, he served as a missionary in Senegal, West Africa. Andy says, “All the elementary students were attentive, friendly and learned with joy! We thank SFCa for loving and supporting missions!” His favorite part of the week was making the video where he and his wife Alison kissed several farm animals. This was an incentive for the students to reach their goal.

Mackenzie Wolf and Emma Stovall sing the theme song, “Live it Out!”

The grand total collected in the missions offering was \$5,249.30. We had a competition, and the girls beat the boys. The girls brought in \$2,709.80, and the boys donated \$2,539.50! This money will help send six people to the West Africa ECHO Agricultural Forum, and to outfit an entire classroom at ECHO to train missionaries about “Farming God’s Way.” They will take this information back to the mission field to share these biblical principles with the people of their villages.

The girls react when they learn they beat the boys in the offering collection

Fourth Graders Enjoy St. Augustine

The annual fourth grade field trip to St. Augustine creates many memories that will last forever. This year was no exception, as the students, parents, and teachers spent three days and two nights viewing the historic sites. Some of the places visited included the Castillo de San Marcos (the old fort), the Spanish Military Hospital, Fort Matanzas, and the Old Florida Museum. They also took a scenic boat cruise on Matanzas Bay and climbed the 219 steps to the top of the St. Augustine Lighthouse. The students have been studying many of these places in their Florida History unit and enjoyed being able to actually see these places. We would like to thank all of the parents who helped chaperone the trip.

Mrs. Costa's third grade class recently built volcanoes. Spencer Kingon, Justin Baxter, Jacob Cook, and James Marsh cheer when their volcano erupts.

The kindergarten classes visited Publix in February and learned about how we get our food. David Ackerman and Patrick Riley got to try the scanner. After the trip, the classes visited Lakes Park. Mrs. King's class is pictured above.

Front row: Logan Long, Corey Jones, Jack Seravello, Weston Bailey, Terrance deAvila. Back row: Assistant Coaches James Long and Steve Kirkby, Qwandell Newton, Logan Sievert, Robbie Weatherbee, Bryce Reed, Colton Catto, Whit Wiggins, Andrew Hall, and Head Coach Bill Catto.

Record Setting Basketball Season

SFCA just completed our most successful basketball season in the history of the school. The boys varsity team won the district championship for the first time in school history. Our varsity girls' team ended the season as district runners-ups. Both of our middle school basketball teams (pictured at right) earned conference championships in the Gulf Coast Athletic Conference. Our sixth grade boys were undefeated all season. As Athletic Director Mark Ackerman says, "SFCA athletics is moving in the right direction!"

Front row: Tanner Richardson, Carson Richardson, Joshua Scoggins, Hayden Brown, Zachary Erb, Josh McKillip. Middle row: Brett Dube, Page Losapio, Joe Sarracino, Jon Angoluan, Luke Griner, David Bush, Hunter Rollings. Back row: Assistant Coaches Brian Basik and Joey Van Helden, Andrew Van Helden, Andrew Kreps, Tyler Manes, Noah Huxley, Bryan Genter, Austin Gholson, and Head Coach Jim Martin.

Wrestling Team Competes at Regionals

In our second year as a team, Head Coach Jim Martin led the SFCA wrestling team to Regionals, sending ten players to the regional match. The players who participated were Josh Scoggins, Joe Sarracino, Jon Angoluan, David Bush, Austin Gholson, Andrew Kreps, Brett Dube, Tyler Manes, Bryan Genter, and Noah Huxley. Noah won first place in districts.

"SFCA athletics is moving in the right direction!"
- Mark Ackerman

The middle school boys basketball team celebrate their conference championship! The team consisted of Viktor Beach, Cayman Brown, Chase Brown, Bryce Cooley, Aiden Crume, Chip Decker, Noah Jacobs, Michael Musho, Garrett Pynckel, Chase Reed, Michael Russo-Noon, David Sievert, Austin Stott, Jordan Weatherbee, and Will Wiggins. Cameron Holmes was the coach.

Front row: Kerry Linehan, Abby Ferrell, Sofi Shirey, Olivia Jensen, Emily Higginbotham, Mikara Bridley, Megan Thomas. Back row: Mikaela Toth, Kristin Jacobs, Lindsey Cox, Kathryn Dineen, Lexi Shirey, Lily Tessier, Sarah Kate Sheffield, Aylene Bernal, Coach Debra Ferrell.

SFCA Begins Tennis and Track Programs

This year, SFCA started its first tennis team at the middle school level. With six of the thirteen players in 8th grade, we hope to have a great foundation for a varsity tennis team for next year.

This was also the first year we had a varsity track team. They performed well at four meets so far this year, and are headed to the district meet on April 12 at St. John Neuman.

Catto Father and Son Named Coach and Player of the Year

Bill Catto was selected Coach of the Year by the Florida Athletic Coaches Association for District 18-2A. His son, Colton, a SFCA senior, was named Player of the Year by the same group. Colton has also been asked to participate in three All-Star games by the Southwest Florida Association of Basketball Coaches, the Florida Athletic Coaches Association, and the Southwest Florida All Stars. The latter game is a match between all-stars from Lee County against the all-stars from Palm Beach County. Congratulations to both father and son for a great season!

Important Dates

Apr. 2-5	Standardized Testing*
April 6, 9	Easter break- No school
April 12-14	School-wide Production of <i>Father Knows Best</i>
April 13	Speech meet (Grades 1-12)
April 14	Mother-Son Date Night
April 19-21	School-wide Production of <i>Father Knows Best</i>
April 26	Elementary Musical
April 28	Junior Senior Formal/Dance
April 30	Choir Sing-n-Swing
May 3	Band Concert
May 7	Winter and Spring Sports Awards
May 9	Volunteer Appreciation
May 10	Senior and Eighth Grade Chapels
May 10	Fine Arts Awards
May 14-16	Senior Exams
May 18	Graduation
May 18, 21, 22	EXAMS (Grades 6-11)*
May 23	Last Day of school 2012 (Early dismissal)

** Please do not schedule vacations or appointments on these dates. A testing make up fee will be charged.*

Elementary Track Meet 2012

Gracie Russell, Megan Jynella, Faith Erickson and Kennedy Culbertson

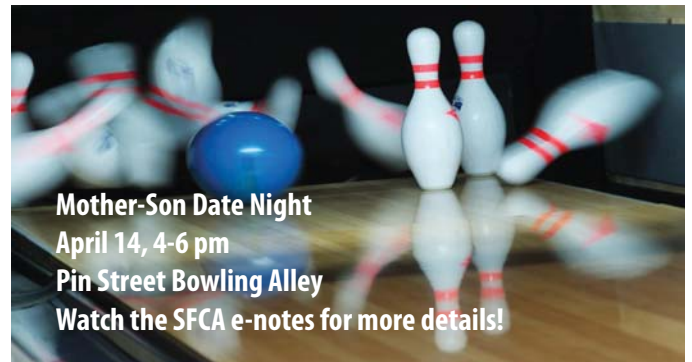

On March 1 over 130 students participated in our Elementary Track Meet. Coordinated by Mrs. Gina Holiman, the event included the 50-yard dash, 200 meter, 400 meter, and one mile runs, standing long jump, and softball throw.

Moriah Keeley passes the baton to Kyla Jones

Alan Tong

Mother-Son Date Night
April 14, 4-6 pm
Pin Street Bowling Alley
Watch the SFCA e-notes for more details!

Applebee's

Volunteer Appreciation Breakfast

If you have volunteered in any way during the past school year, you are invited to the Volunteer Appreciation Breakfast on Tuesday, May 8, at 8:30 am, at the Applebee's restaurant on Six Mile Cypress and Colonial Boulevard. Please save the date!

Fun Faculty Facts- Answers

1. Mrs. Beverly Jones, First Grade Teacher.
2. Mrs. Sara Crume, Student Activities Director.
3. Mrs. Rebekah Allen, Elementary Music Teacher.
4. Mrs. Lisa Blanchard, Director of Development.
