

# Kingdom Quotes

It is defined by Dr. Schultz in his book, *Kingdom Education* as "a life-long, Bible-based, Christ-centered process of leading a child to Christ, building a child up in Christ, and equipping a child to serve Christ!" This is not a process we can accomplish with Bible study activities, church, and youth activities alone. It is a 24/7 process requiring a unified effort by the parents, church, and school. As you can see by the definition, it is not a denominational program. It's a Bible based approach to preparing our students to truly become godly leaders and adults who are able to **engage the culture for Christ**. This concept is being adopted by Christian schools across America because school leaders and boards are becoming increasingly aware that we can't have the needed impact on the lives of students by having Christian teachers, hosting a chapel weekly, and making Bible a required course for all students. All of these steps are important yet not adequate for accomplishing the task.

- Dr. Tingle

Headmaster for *Southwest Florida Christian Academy*
